We utilise modern technologies in the process of building our Log Homes, we guarantee that only the highest quality materials go in to producing our log Buildings. Quality Control is used throughout every phase of production which is inspected in every phase of manufacturing such as:

- attention to detail and planning
- matching of fixings and components
- functioning of the windows doors

'THE LOG HOUSES' are available in many standard model with custom designs, which have all the great features of a log cabin, such as high insulation value, strength, and the undeniable aesthetic beauty of natural wood. We have created a range on almost 300 log building in the UK from Garden Retreat Cabins to Schools, Visitor Centre and Mobile Homes to mention just a few of the different types of constructions over the years.

We believe that you should have the freedom to choose that is unique to you and not be forced to accept mass produced standard models. With this in mind, we offer a complete design service and remain flexible enough to co-design with our clients, so if you have a particular layout in mind, we can provide you with a floor plan, 3D visual and a personal quotation free of charge.

If you would like to discuss your requirements in more detail, why not give us a call for more information, after all, it costs nothing to talk..!

New Forest Log Cabins Ltd
